

Automatic Touchless Contactless Touch Free Car Wash Machine KL360

Our Product Introduction

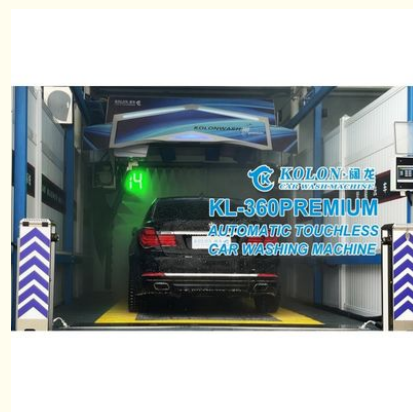

Basic Information

- Place of Origin: Shanghai, China
- Brand Name: KOLON
- Certification: CE
- Model Number: KL360 premium
- Minimum Order Quantity: 1 unit
- Price: USD15500-USD19500
- Packaging Details: plywood case
- Delivery Time: 20 days
- Payment Terms: D/P, D/A, L/C, T/T, Western Union, MoneyGram
- Supply Ability: 1000unit per year

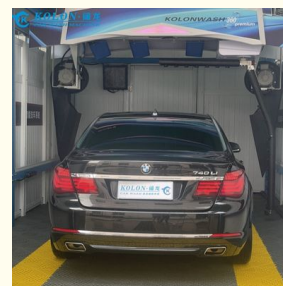

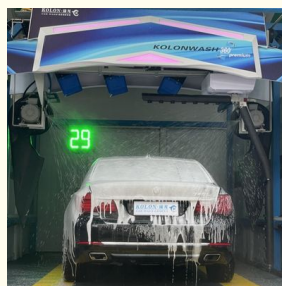

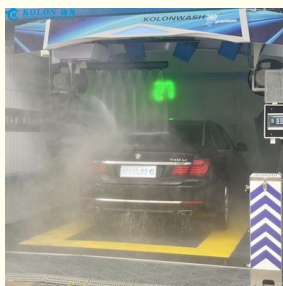

Product Specification

- Product Name: Automatic Touchless. Contactless Touch-free Car Wash Machine KL360 Premium
- Dimensions (length * Width * Height): 7.5*3.8*3.35M
- Foundation (length * Width * Height): 7.5*3.8*3.4M
- Cleaning Speed: 2-3min/car
- Air Pressure: 10 BAR
- Wire Requirements: 3 Phase 5 Cores, 16 Sqm Copper Wire
- Power Requirement: 380v/60Kw
- Water Consumption: 200L/car
- Total Weight Of Equipment: 2400Kg/10.5CBM
- Washing Time: 3-8mins/car
- Type: Car Washer, Car Washer / Touchless Automatic Car Washing Machine
- Material: Import Components, Hot-dip Galvanizing

Automatic touch-free car washing machine KL360

premium

22kw water pump,33kw air dryer

Dimension drawing

Touchless Car Washing Machine Description :

A Touchless Contactless Touch-free car washing machine is a type of automated car wash system that cleans vehicles without the use of brushes or physical contact with the car's surface. It relies on high-pressure water jets, detergents, and specialized cleaning techniques to remove dirt, grime, and other contaminants from the car's exterior.

Touchless Car Washing Machine Features:

High-pressure water jets: Powerful jets of water are used to dislodge and remove dirt and debris from the car's surface.

Detergent application: Specialized detergents are applied to help break down and remove tough stains and grime.

Multiple wash programs: Touchless car wash machines often offer various wash programs and settings to cater to different levels of cleaning required.

Water recycling system (optional): Some machines incorporate water recycling systems to conserve water and reduce environmental impact.

Specification:

Warranty	3 years, man-made damage excluded
Machine Size	7.5*3.8*3.35M(L*W*H)
Foundation Size:	7.5* 3.8*3.4M((L*W*H)
Site Requirements	Ground hardening
Proportioning machine size	800*450*1400mm (L*W*H)
Wire requirements	3 phase 5 cores, 16 sqm copper wire
Air pressure	10 BAR
Max washing height	2050mm
Max washing width	2200mm
Max washing length	5900mm

Power needed	380V/60KW
Running power	Air-dry power 33KW total 22kw(4PCS * 5.5KW)Siemens motor Side air drying system 11kw (2PCS * 5.5KW Siemens motor) Water pump (Pinfl 36+22Kw Siemens motor)
Water Consumption	200L/car
Washing Time	3-8mins/car
Power Consumption	1-2kwh/car
Machine weight	2400Kg/10.5CBM
Total Power	56kw
Washing liquid Consumption	70ml/car
Water wax consumption	500-1000ml ,Controllable
Applicable vehicle type	car,van,commercial vehicle
Water pressure requirements	1.4-3kgs tap-water pressure; 6-minute diameter water pipe flow >40L/min
Rail	2pcs (7.5m)
Framework	1 set
Washing pressure	80-100KGS

Function Equipped	Chassis washing Wheel washing Touchless high-pressure washing High precision low foam water wax 2-in-1 ratio function Powerful air drying

Products Description:

360° high Pressure water spray removes the dirt and muds on the chassis and wheels of the vehicle.

***Rotating side spray

***Chassis and wheel washing

***multi angle swing air dryer

***Washing liquid spraying

***Wax spraying

It has a high water-repellent properties and dries quickly after being applied to the vehicle. The car stays completely dry, shiny and protected from environmental influences. The treated surface is self-cleaning after rain or when rinsing with water. The product has an antistatic effect. Works great even when using hard water and at low temperatures.

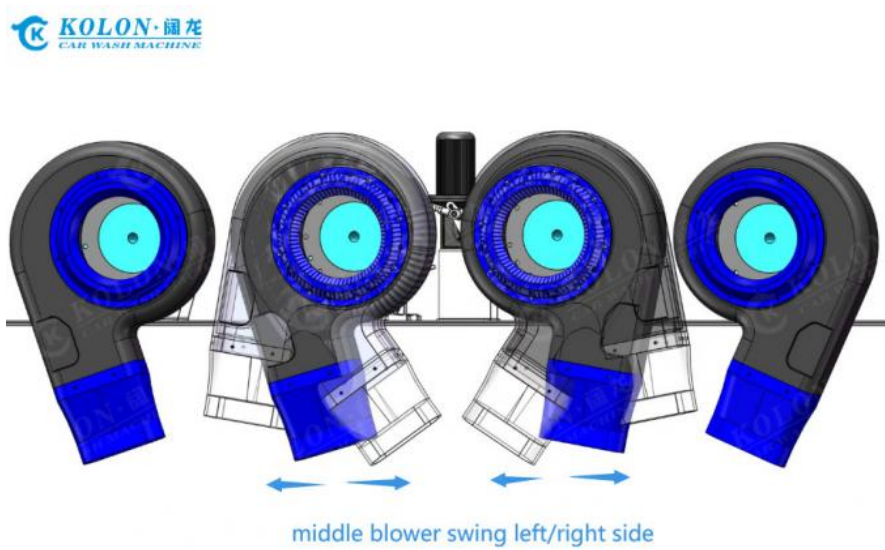

Details:

Air-dry power 33KW total, 22kw (4PCS * 5.5KW) Siemens motor

Side air drying system 11kw (2PCS * 5.5KW Siemens motor)

KL360 premium water pump (Pinfl 36+22Kw Siemens motor)

Touchless Car Washing Machine Benefits:

Gentle on car paint and finish: Since there are no brushes or physical contact, touchless car washing machines minimize the risk of scratches or damage to the car's paint and finish.

Efficient and time-saving: Touchless car washes are typically faster compared to traditional methods, reducing the time required to clean a vehicle.

Consistent and thorough cleaning: The high-pressure water jets can reach and clean areas that are difficult to access manually, ensuring a more thorough cleaning.

Product packaging

3 years warranty low price auto cleaning equipment car washing machine with Chassis wash function for Russia.
