**Product Description:**

Rollover Car Wash Machine  
Air Pressure: 2-5 BAR  
Washing Time: 15cars/hour  
Warranty: 3 Year  
Material: Stainless Steel  
Drying Method: Hot Air Blower  
The Rollover Car Wash Machine is a highly efficient and durable vehicle washing system designed to provide powerful and effective cleaning for a wide range of vehicles. Made of high-quality stainless steel, this machine is built to withstand heavy usage and harsh weather conditions, ensuring long-term reliability and performance.  
The Rollover Car Cleaner features a unique design that allows for easy operation and maintenance, making it the ideal choice for car wash businesses of all sizes. With its advanced air pressure system, this machine can deliver a strong and consistent water flow, providing a thorough cleaning for each vehicle in just a matter of minutes.  
Equipped with a powerful hot air blower, the Rollover Car Cleaner Machine not only washes the vehicle, but also dries it off quickly and effectively. This not only saves time, but also reduces the risk of water spots and scratches on the vehicle's surface.  
One of the key advantages of the Rollover Car Wash Machine is its environmentally friendly design. By using less water and energy compared to traditional car wash methods, this machine helps to reduce water and energy consumption, making it a sustainable and eco-friendly option for businesses and their customers.  
With a washing time of 15 cars per hour, the Rollover Car Wash Machine is a highly efficient and time-saving solution for car wash businesses. This not only increases productivity, but also allows for faster service and shorter wait times for customers.  
As a testament to its quality and performance, the Rollover Car Wash Machine comes with a 3-year warranty, giving customers peace of mind and assurance of its durability and reliability. This makes it a cost-effective investment for any car wash business.  
In conclusion, the Rollover Car Wash Machine is a powerful, efficient, and environmentally friendly vehicle washing system that offers easy maintenance, fast washing and drying, and a durable construction. With its advanced features and reliable performance, this machine is the perfect choice for any car wash business looking to provide top-notch service to their customers.

With a 3-year warranty, customers can trust in the quality and reliability of this Rollover Car Wash Machine.</p>

## Applications:

KOLON KL-5VF Rollover Car Wash Machine

Product Description

The KOLON KL-5VF Rollover Car Wash Machine is an advanced vehicle washing system designed to provide efficient and high-quality automatic car wash services. As a leading brand in the car wash industry, KOLON is proud to present this state-of-the-art car washer that is perfect for both commercial and personal use.

Application

The KOLON KL-5VF Rollover Car Wash Machine is perfect for any car wash business, including gas stations, car dealerships, and car cleaning services. It is also suitable for personal use, making it a great investment for car owners who want to keep their vehicles clean and well-maintained.

## Features

**Foam Spraying:** The KOLON KL-5VF has a foam spraying function that creates a thick layer of foam to effectively remove dirt and grime from the vehicle's surface.

**Wheel Brushing:** This car wash machine comes with a wheel brushing feature that can clean all types of wheels, including alloy, steel, and chrome.

**Undercarriage Washing:** The undercarriage of a vehicle is often the most neglected part when it comes to cleaning. The KOLON KL-5VF has a specialized function for cleaning the undercarriage, ensuring a thorough and complete wash.

### Power Requirement

The KOLON KL-5VF Rollover Car Wash Machine requires a power supply of 380v/20.5Kw, making it a highly efficient and powerful cleaning tool.

### Drying Method

This car wash machine uses a hot air blower to dry the vehicle, ensuring a quick and thorough drying process.

### Air Pressure

The KOLON KL-5VF operates at an air pressure of 2-5 BAR, providing enough power to remove even the toughest dirt and stains from the vehicle's surface.

### Material

The KOLON KL-5VF is made of high-quality stainless steel, ensuring durability and longevity. This material is also resistant to rust and corrosion, making it perfect for use in a wet and humid environment.

Brand Name: KOLON

Model Number: KL-5VF
