Are you tired of dealing with tangled and messy garden hoses? Do you want a convenient and efficient way to store your hose? Look no further than the Hose Reel Box by KOLON.

The Hose Reel Box is designed to provide you with a hassle-free and organized way to store your garden hose. With its retractable hose storage feature, you can easily extend and retract your hose without any tangles or kinks. This makes it perfect for use in any outdoor space, whether it's a small backyard or a large garden.

The Hose Reel Box is made by KOLON, a trusted brand known for its high-quality and durable products. It is specially designed and manufactured in Shanghai, China, ensuring the best materials and craftsmanship.

One of the key features of the Hose Reel Box is its environmental friendliness. It is made from recycled materials and is designed to reduce water waste. With its efficient washing speed of 2-3 minutes, you can save both time and water while using the Hose Reel Box.

Assembling the Hose Reel Box is easy and requires no special tools. All the necessary components and instructions are included in the package. Once assembled, you can simply connect your garden hose to the box and start using it right away.

The Hose Reel Box works with a working voltage of 220V and has an output power of 1000-1500W, providing you with enough power to easily clean your garden tools, car, or any other outdoor equipment.

With its compact and sleek design, the Hose Reel Box is not only functional but also adds to the aesthetic appeal of your outdoor space. It can be easily mounted on a wall or placed on the ground, depending on your preference.

In conclusion, the Hose Reel Box by KOLON is the perfect solution for all your garden hose storage needs. Say goodbye to tangled and messy hoses and hello to a more organized and efficient way of watering your garden. Get your Hose Reel Box today and make your gardening experience a breeze.
