Basic Information

- Place of Origin: Shanghai, China
- Brand Name: KOLON
- Model Number: LED ceiling light

Product Specification

- Working Temperature(): 5000
- Working Lifetime(Hour): 50000
- Logo: Customized Logo
- Input Voltage(V): AC 110V (± 10%)
- Use Temperature: -40 To 70
- Color Temperature(CCT): 6000K (Daylight Alert)
- Power Supply: AC
- Beam Angle(°): 180
- Highlight: hexagonal garage led light,
6500K garage led light, Garage Grid Led Light

Product Description:

LED Workshop Lights: The Ultimate Lighting Solution for Your Workshop

Looking for the perfect lighting solution for your workshop? Look no further than LED workshop lights! These high-quality lights are specifically designed to provide efficient and effective lighting for any workshop setting, both indoor and outdoor. With their energy-efficient and durable design, LED workshop lights are the ideal choice for any workshop.

Product Overview

LED workshop lights are made from high-quality aluminum material, ensuring durability and longevity. With a voltage range of 120-277V, these lights can easily be used in any workshop setting. The beam angle of 120 degrees provides wide coverage, making sure every corner of your workshop is well-lit. With an IP65 rating, these lights are waterproof and dustproof, making them suitable for both indoor and outdoor use.

Key Features

Energy-Efficient: LED workshop lights use significantly less energy compared to traditional workshop lighting, resulting in cost savings on your energy bill.

Durable Construction: Made from high-quality aluminum material, these lights are built to last and can withstand the wear and tear of a workshop environment.

Adjustable: LED workshop lights come with adjustable features, allowing you to control the direction and intensity of the light to suit your specific needs.

Versatile: These lights are suitable for both indoor and outdoor use, making them versatile for any workshop setting.

Waterproof and Dustproof: With an IP65 rating, LED workshop lights are resistant to water and dust, ensuring they can withstand any workshop conditions.

Long Lifespan: LED workshop lights have a longer lifespan compared to traditional workshop lighting, resulting in less frequent replacements and cost savings in the long run.

Conclusion

In conclusion, LED workshop lights are the perfect solution for any workshop setting. With their energy-efficient, durable, and versatile design, these lights provide high-quality lighting that can withstand any workshop conditions. Upgrade to LED workshop lighting today and experience the difference it makes in your workshop!

	Voltage	120-277V

Color Temperature	5000K
Installation Type	Surface Mount
Warranty	5 Years
Material	Aluminum

Applications:

Led Workshop Lights - The Perfect Lighting Solution for Your Workshop

Brand Name: KOLON
Model Number: Led Pendant Lights
Place of Origin: Shanghai,China
Ip Rating: IP65
Wattage: 100W
Usage: Indoor
Installation Type: Surface Mount
Beam Angle: 180 Degrees

Are you looking for the perfect lighting solution for your workshop? Look no further! KOLON's Led Workshop Lights are here to provide you with the best lighting experience for your workshop.

With the Model Number Led Pendant Lights, these lights are specifically designed for workshop use. They are perfect for both indoor and outdoor installations, giving you the freedom to use them in any space you need.

The high IP Rating of IP65 ensures that the lights are protected from dust and water, making them durable and long-lasting. This makes them suitable for any workshop environment, even those with high levels of dust and moisture.

With a wattage of 100W, these lights provide bright and efficient lighting, making them ideal for large workshops. They are perfect for illuminating large work areas, ensuring that you have enough light to work safely and efficiently.

The installation type of surface mount makes it easy to install the lights on any surface, be it the ceiling or walls. This allows for flexible placement options, giving you the freedom to light up your workshop in the best way possible.

The 120-degree beam angle of these lights provides a wide coverage area, ensuring that every corner of your workshop is well lit. This eliminates any dark spots and creates a bright and evenly lit environment, making it easier for you to work.

With KOLON's Led Workshop Lights, you no longer have to worry about dim, flickering lights or high energy bills. These lights provide a long-lasting, energy-efficient solution for all your workshop lighting needs.

So why wait? Upgrade your workshop with KOLON's Workshop LED Luminaires and experience the difference in your work environment. Say goodbye to inadequate lighting and hello to a brighter, more efficient workspace.

Packing and Shipping:

Led Workshop Lights - Packaging and Shipping

Our Led Workshop Lights are carefully packaged to ensure safe delivery to you. The packaging materials used are durable and lightweight, reducing the overall weight of the package and making it easier to handle during shipping.

The lights are first wrapped in protective foam and then placed in a sturdy cardboard box. This box is then sealed with high-quality tape to prevent any damage or tampering during transportation.

For larger orders, the lights are packaged in pallets to ensure secure transportation and easy handling. The pallets are shrink-wrapped to keep the lights in place and prevent any shifting during transit.

Our shipping options include express delivery and standard shipping. Express delivery guarantees the lights will arrive at your doorstep within 3-5 business days, while standard shipping may take 7-10 business days.

We offer worldwide shipping to ensure that our Led Workshop Lights can reach you no matter where you are located. All orders are shipped from our warehouse within 1-2 business days after payment is received.

For international orders, please note that additional customs fees and taxes may apply. These fees are the responsibility of the customer

and may vary depending on the country of delivery.

Upon receiving your package, please inspect it for any damage or missing items. If you encounter any issues, please contact our customer service team immediately for assistance.
