Product Description

Product Description:

Floor Grilles

Floor grilles are an essential part of any building, providing a safe and efficient way to cover floor openings while allowing for proper air circulation. Our floor grilles are designed with durability and functionality in mind, making them the perfect choice for various applications, including car wash floors, shower rooms, and heavy-duty industrial settings.

Surface Finish: Anodized

Our floor grilles are finished with an anodized surface, providing a sleek and modern look while also enhancing the durability of the product. The anodized finish adds a layer of protection against corrosion, ensuring that the grilles remain in pristine condition for years to come.

Advantage: Eco-friendly / 100% Waterproof

At our company, we are committed to creating products that not only meet but exceed industry standards. That's why our floor grilles are not only eco-friendly but also 100% waterproof. This makes them suitable for use in any environment, including wet and high-moisture areas, without compromising their structural integrity.

Installation Type: Surface Mount

Our floor grilles are designed for easy installation, making them an ideal choice for both new construction and renovation projects. The surface mount installation type allows for a quick and hassle-free installation process, saving time and effort for the installer.

Weight: 520g/pc

Our floor grilles are lightweight, making them easy to handle and install. This also makes them a cost-effective option, as it reduces shipping costs and allows for easier transportation to the installation site.

Use Temperature: -40 To 70

Our floor grilles are designed to withstand extreme temperatures, making them suitable for use in a wide range of environments. Whether it's a freezing cold car wash or a hot and humid shower room, our grilles will maintain their structural integrity and functionality.

Choose our floor grilles for their durability, functionality, and ease of installation. With their anodized surface finish, eco-friendly and waterproof properties, and ability to withstand extreme temperatures, they are the perfect choice for any car wash, shower room, or heavy-duty industrial setting.

Choose KOLON for all your floor grille needs, and experience our exceptional customized services today!

Packing and Shipping:

Packaging and Shipping for Floor Grilles

At Floor Grilles, we understand the importance of proper packaging and shipping to ensure that our products arrive in perfect condition.

That's why we have a dedicated team to handle all packaging and shipping processes with great care and attention to detail.

Packaging

All Floor Grilles products are carefully inspected and packaged before shipping. We use high-quality materials to provide maximum protection and prevent any damage during transit. Our packaging process includes:

Wrapping the grilles in protective plastic or bubble wrap to prevent scratches and dents

Placing the grilles in sturdy cardboard boxes with sufficient cushioning to avoid movement

Sealing the boxes with heavy-duty tape for added security

Labeling each box with product details and handling instructions

Shipping

We offer various shipping options to meet our customers' needs, including:

Standard shipping: Our default shipping method that delivers products within 3-5 business days

Expedited shipping: For urgent orders, we offer expedited shipping with delivery within 1-2 business days

International shipping: We ship our products worldwide and provide all necessary documentation for customs clearance

Once your order is shipped, we will provide you with a tracking number so you can monitor the progress of your delivery. We also offer the option to add insurance to your shipment for added peace of mind.

Rest assured that we take great care in packaging and shipping our products to ensure they arrive at your doorstep in perfect condition. If you have any questions or concerns regarding the packaging or shipping of your order, please do not hesitate to contact us.
