Product Description

Product Description:

The KL-EN1 is equipped with a PLC control system, making it easy to operate and customize the cleaning process. The emergency stop button ensures maximum safety during operation, giving you peace of mind while your buses are being cleaned.

One of the best features of the KL-EN1 is its unlimited washing length, making it perfect for any size of bus. This means that you can use it to clean everything from small shuttle buses to large articulated buses with ease.

The KL-EN1 Municipal Bus Cleaning System is the perfect solution for any municipal transportation company, bus depot, or private bus operator. It is designed to meet the high demands of modern bus cleaning, ensuring that your buses stay clean and well-maintained at all times.

Features:

Product Name: Automatic Bus Cleaning Machine

Power: 67kw

Cleaning Speed: 2-3min/car

Safety Features: Emergency Stop Button

Drying Time: 1-2 Minutes

Water Consumption: 80L/car

Product Type: Big Vehicle Washing Equipment

Technical Parameters:

Product Attribute	Value
Product Name	Big Vehicle Washing Equipment
Model	KL-EN1
Power	67kw
Power Source	Electric
Frequency	50Hz
Water Pressure	0.3-0.5MPa
Cleaning Speed	2-3min/car
Washing Speed	5-7 Buses/hour
Drying Time	1-2 Minutes
Control System	PLC
Safety Features	Emergency Stop Button

Applications:

The KOLON KL-BS1 is capable of cleaning buses of any length, as it has an unlimited washing length capacity. Its cleaning speed is also impressive, cleaning a bus in just 2-3 minutes. This makes it an ideal solution for busy bus terminals and depots that require a quick and efficient cleaning process.

The KOLON KL-BS1 is the perfect solution for automatic bus cleaning, as it provides a hassle-free cleaning process that requires minimal effort from the user. The PLC control system ensures that the machine operates smoothly and efficiently, without the need for constant supervision.

The KOLON KL-BS1 is suitable for a wide range of occasions and scenarios, including municipal bus depots, bus terminals, and transportation hubs. It is also ideal for commercial bus companies that require a reliable and efficient cleaning solution for their fleet of buses.

In conclusion, the KOLON KL-BS1 is an excellent automatic bus cleaning machine that offers a reliable and efficient cleaning solution for your municipal bus cleaning system. Its powerful motor, unlimited washing length capacity, and fast cleaning speed make it an ideal solution for busy bus terminals and depots.
