## Product Description

### Product Description:

The Rollover Car Wash Machine is equipped with 7 brushes, ensuring a thorough clean every time. The foam spraying feature allows for a gentle application of soap, while the wheel brushing feature gets rid of dirt and grime from your tires. The undercarriage washing feature ensures that even hard-to-reach areas are cleaned.

Not only is the Rollover Car Wash Machine efficient, but it is also durable. Made from high-quality stainless steel, it can withstand the wear and tear of daily use. Additionally, the machine requires 380v/20.5Kw of power, ensuring that it can handle even the toughest cleaning jobs.

Investing in the Rollover Car Wash Machine is a smart choice for any garage car wash. This vehicle washing system is a reliable and effective car cleaning equipment that will save you time and money in the long run. Say goodbye to the hassle of manual car washing and hello to the convenience of an automatic car washing machine.

### Features:

Product Name: Rollover Car Wash Machine

Warranty: 3 Years

Water Consumption: 80L/car-100L/car

Air Pressure: 2-5 BAR

Frequency: 50Hz

Washing Time: 15cars/hour

This Automatic Car Washing Machine is a top-of-the-line Car Cleaning Equipment that efficiently cleans cars with its Rollover Car Cleaner system. Its water consumption is between 80L and 100L per car, and it operates with an air pressure of 2-5 BAR at a frequency of 50Hz. It can wash up to 15 cars per hour, and comes with a 3-year warranty.

Car Cleaning Equipment	

### Applications:

The KOLON KL-5VF Rollover Car Wash Machine is equipped with 7 brushes which ensure thorough cleaning of all parts of the vehicle. The machine operates at a frequency of 50Hz, which makes it suitable for use in various parts of the world. Additionally, the machine comes with a 3-year warranty, giving customers peace of mind when it comes to its durability and reliability.

One of the standout features of the KOLON KL-5VF Rollover Car Wash Machine is its hot air blower, which dries the vehicle quickly after the cleaning process. This feature is particularly useful in areas with high humidity where air drying may take too long.

The KOLON KL-5VF Rollover Car Wash Machine is perfect for use in various garage car wash scenarios. It can be used in commercial car wash facilities, car dealerships, and auto detailing shops. The machine is also suitable for use in private garages where car owners want to maintain the cleanliness of their vehicles regularly.

In summary, the KOLON KL-5VF Rollover Car Wash Machine is a reliable and efficient vehicle washing system that is ideal for various car cleaning scenarios. With its 7 brushes, hot air blower, and 3-year warranty, it is undoubtedly one of the best rollover car cleaners in the market.
