### Applications:

With a power supply of 380 V, 50 HZ, and 3 phases, the KOLON KL-9SFM offers a high-quality performance that guarantees customer satisfaction. It is an ideal choice for car wash tunnel systems that require an automatic car wash cleaner with an advanced power requirement.

The KOLON KL-9SFM Tunnel Car Wash Machine is perfect for use in a variety of scenarios, including car wash businesses, petrol stations, and car dealerships. It is designed to cater to the needs of car owners who want to ensure their vehicles are thoroughly cleaned, inside and out.

As an automatic car wash cleaner, the KOLON KL-9SFM is easy to use and requires minimal human intervention. It is designed to operate continuously, making it an ideal choice for car wash businesses that handle high volumes of cars daily. The machine is also durable and comes with a 1-year warranty, ensuring that customers get value for their investment.

The KOLON KL-9SFM Tunnel Car Wash Machine is also designed to be environmentally friendly. It uses only 12ml of water wax per car, making it a cost-effective and eco-friendly option for car wash tunnel systems. Additionally, its advanced features, such as high-pressure water jets and soft brushes, ensure that the entire cleaning process is thorough and efficient.

In conclusion, the KOLON KL-9SFM Tunnel Car Wash Machine is an excellent choice for anyone looking for an automatic car wash cleaner that offers efficient and thorough cleaning. Its advanced features, eco-friendly design, and durability make it an ideal choice for car wash tunnel systems, petrol stations, and car dealerships.
