## Product Description

### Product Description:

With its advanced features, the Rollover Car Wash Machine provides a thorough clean that will leave your car looking brand new. The machine is equipped with foam spraying, wheel brushing, and undercarriage washing capabilities, ensuring that every inch of your car is cleaned to perfection.

One of the standout features of this Car Cleaning Equipment is its hot air blower drying method. This means that your car will be dried quickly and efficiently, leaving no water spots or streaks behind.

The Rollover Car Wash Machine is designed for fast and efficient cleaning, with a washing time of up to 15 cars per hour. This makes it ideal for busy car wash businesses or anyone who wants to clean their car quickly and easily.

The machine itself is also compact and easy to use, with a size of 3.5m(L)\*2.2m(W)\*2.9m(H). This means that it can fit easily into most spaces, whether you are using it in a commercial car wash or in your own personal garage.

Overall, the Rollover Car Wash Machine is a top-of-the-line Car Washer that provides a thorough clean in a fast and efficient manner. Its advanced features, durable construction, and compact size make it the perfect choice for anyone who wants to keep their car looking like new.

### Applications:

The KOLON KL-5VF Rollover Car Cleaner guarantees a quick and efficient cleaning process, with a washing time of up to 15 cars per hour. This car washer is perfect for busy car washing businesses looking to provide high-quality services to their clients in a short amount of time.

Using hot air blowers, the KOLON KL-5VF Rollover Car Wash Machine dries cars quickly and effectively, ensuring that your customers' cars leave your car washing station looking spotless. This automatic car washing machine also utilizes air pressure between 2-5 BAR to ensure that even the toughest dirt and grime is removed from the car's surface.

The KOLON KL-5VF Rollover Car Cleaner is also eco-friendly, consuming only 80L/car-100L/car of water. This means that you can save water and contribute to a greener environment while still providing excellent car washing services.

With a power requirement of 380v/20.5Kw, the KOLON KL-5VF Rollover Car Wash Machine is a powerful and efficient car washing solution that is perfect for various car washing scenarios. This car washer is perfect for car washing businesses, car dealerships, and even personal use, ensuring that your car is always clean and looking new.

Invest in the KOLON KL-5VF Rollover Car Wash Machine and provide your customers with high-quality car washing services while also contributing to a greener environment. This automatic car washing machine is the perfect solution for all your car washing needs.
