Applications:

The KOLON KL-800 Vacuum Cleaner is a versatile cleaning tool that can be used in various settings. It is perfect for residential and commercial use, and it can handle different cleaning needs, from dust and dirt to debris and small particles. It is designed to provide reliable and efficient cleaning, making it a must-have tool in your cleaning arsenal.

The KOLON KL-800 Vacuum Cleaner is a Dustbuster Cyclonic Vac, which means that it uses a cyclonic action to separate dust and debris from the air and trap them in the container. This design ensures that the vacuum cleaner provides powerful suction and efficient cleaning, making it suitable for cleaning carpets, floors, and upholstery.

The KOLON KL-800 Vacuum Cleaner is also a Dust Devil Suction Sweeper, which means that it can blow air as well as suck it in. This feature makes it ideal for cleaning hard-to-reach areas, such as corners, crevices, and tight spaces. It can also be used to blow away debris and dirt from outdoor areas, such as patios, decks, and driveways.

The KOLON KL-800 Vacuum Cleaner is designed to operate on 3PHASE AC380V /50HZ mains voltage, providing reliable and consistent power for all your cleaning needs. It also has a voltage of 220V-240V 50-60HZ, making it suitable for use in different countries and regions. With a maximum blowing rate of 9.7m³/min and a total power of 4.5kw, the KOLON KL-800 Vacuum Cleaner is a powerful cleaning machine that can handle even the toughest cleaning tasks.

The KOLON KL-800 Vacuum Cleaner is perfect for different application occasions and scenarios. It can be used in homes, offices, schools, hospitals, hotels, restaurants, and other commercial settings. It is suitable for cleaning carpets, floors, upholstery, stairs, and other surfaces. It can also be used to clean cars, boats, and other vehicles, making it a versatile cleaning tool for different cleaning needs.
