Product Description

Product Description:

With a speed of 2820, this High Pressure Washer can blast away dirt and grime from a variety of surfaces, including vehicles, outdoor furniture, and even concrete. The 25-foot hose length gives you plenty of reach to get into tight spaces and hard-to-reach areas. One of the standout features of this High Pressure Washer is the High-Pressure Cantilever 360° Rotating Car Wash Water Gun. This innovative design allows you to easily adjust the water pressure and angle of the spray, making it perfect for cleaning all kinds of surfaces. The 360° rotating feature also lets you clean in any direction, so you can get every nook and cranny. Whether you're a professional cleaner or just need a powerful tool for your home cleaning tasks, our High Pressure Washer is the perfect choice. With its durable construction and powerful cleaning capabilities, you can tackle even the toughest cleaning jobs with ease.
