

## Automatic Touchless Car Wash Machine Equipment M9 premium

Our Product Introduction

for more products please visit us on [automaticcarwashing.com](http://automaticcarwashing.com)

### Basic Information

- Place of Origin: Shanghai, China
- Brand Name: KOLON
- Certification: CE
- Model Number: KL-360 PLUS
- Minimum Order Quantity: 1 unit
- Price: USD15500-USD19500
- Packaging Details: plywood case
- Delivery Time: 20 days
- Payment Terms: D/P, D/A, L/C, T/T, Western Union, MoneyGram
- Supply Ability: 1000unit per year

### Product Specification

- Product Name: Automatic Touchless. Contactless Touch-free Car Wash Equipment KL360-1 Plus
- Dimensions (length \* Width \* Height): 7.5\*3.8\*3.35M
- Foundation (length \* Width \* Height): 7.5\*3.8\*3.4M
- Cleaning Speed: 2-3min/car
- Air Pressure: 10 BAR
- Wire Requirements: 3 Phase 5 Cores, 16 Sqm Copper Wire
- Power Requirement: 380v/60Kw
- Water Consumption: 200L/car
- Total Weight Of Equipment: 2400Kg/10.5CBM
- Washing Time: 3-8mins/car
- Type: Car Washer, Car Washer / Touchless Automatic Car Washing Machine / Labor Saving Machine

Material: Import Components Hot Dip Galvanized

## Automatic car wash machine with 7shaped arm M9 Premium

## Touchless Car Washing Machine Description :

A touchless / contactless / touch-free car washing machine is a type of automated car wash system that cleans vehicles without the use of brushes or physical contact with the car's surface. It relies on high-pressure water jets, detergents, and specialized cleaning techniques to remove dirt, grime, and other contaminants from the car's exterior.

## Touchless Car Washing Machine Features:

**High-pressure water jets:** Powerful jets of water are used to dislodge and remove dirt and debris from the car's surface.

**Detergent application:** Specialized detergents are applied to help break down and remove tough stains and grime.

**Multiple wash programs:** Touchless car wash machines often offer various wash programs and settings to cater to different levels of cleaning required.

**Water recycling system (optional):** Some machines incorporate water recycling systems to conserve water and reduce environmental impact.

## Specification:

|                             |                                                                                    |
|-----------------------------|------------------------------------------------------------------------------------|
| Warranty                    | 3 years, man-made damage excluded                                                  |

## Touchless Car Washing Machine Benefits:

**Gentle on car paint and finish:** Since there are no brushes or physical contact, touchless car washing machines minimize the risk of scratches or damage to the car's paint and finish.

**Efficient and time-saving:** Touchless car washes are typically faster compared to traditional methods, reducing the time required to clean a vehicle.

**Consistent and thorough cleaning:** The high-pressure water jets can reach and clean areas that are difficult to access manually, ensuring a more thorough cleaning.

## Product packaging

3 years warranty low price auto cleaning equipment car washing machine with Chassis wash function for Southeast Asia.
